Washpipe Assembly Upgrade Kit

Canrig has designed a new washpipe upgrade kit to extend washpipe service life. This upgrade kit applies to CANRIG 750T top drives, series 1275AC-681 or 1275AC-865 with a 4 in. fluid passage washpipe and a 7,500 psi rating. This upgrade kit may be used to replace components on assembly part number AY10147. Contact RIGLINE 24/7™ Support to order the washpipe upgrade kit.

Features for this upgrade kit:

- Improved wear surface for longer service life
- Packing rings with space age lubricant to reduce start up friction

Table 1: AY23147, Kit, Upgrade, Washpipe, 4 in, 7.5K, Sev.s

| Qty | Part ID | Description |
